## RESPONSE

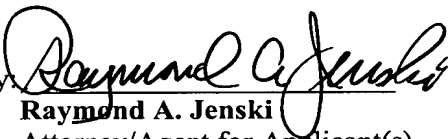

Dear Sir:

In response to the Notice to File Corrected Application Papers mailed March 15, 2001, Applicant is filing Substitute Drawings for FIGs 1-26 on 25 sheets, which should be substituted for those drawings already on file.

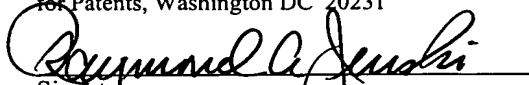

Since the Notice was not specific with regards to which figures were deemed to contain excessive text, Applicant carefully reviewed the drawings for legends that are necessary for understanding of the drawing and containing as few words as possible. It should be noted that some of the drawings are representations of printed material and graphical user interfaces associated with the claimed invention. It is well known that text is a natural part of these objects represented and needs to be presented in order to orient the reader regarding the character of the objects. Accordingly, FIGs 9A, 9B, 11A - 11D, and 12 have been revised.
